Community Engagement Survey Results
June 15, 2016

Under House Bill 5 (passed last year by the 83rd Texas Legislature), all districts are required to evaluate the district's performance and the performance of each campus in regard to community and student engagement. Districts must assign one of four performance ratings – Exemplary, Recognized, Acceptable or Unacceptable – to the district and each campus for overall performance, including the following categories:

- Fine arts;
- Wellness and physical education;
- Second language acquisition program;
- Career and Tech programs;
- Gifted and Talented programs;
- Dropout Prevention Strategies
- Use of Technology; and
- Community and parental involvement.

House Bill 5 requires a local committee or committees to determine the criteria that the district uses to evaluate and assign performance ratings and to evaluate the district's compliance with statutory reporting and policy requirements. Holland ISD used the services of TASB Engage to create and gather the data needed to assign ratings to each of the categories. The District Site-Based Committee analyzed the results to determine the ratings for 2015-2016. The committee assigned a rating of Recognized to each campus and the district as an Overall Rating. The specific data element ratings are as follows for the campuses and the district:
