

Holland ISD
Elementary and secondary School Emergency Relief Grant
ESSER III Plan

Holland ISD held a public comment session on May 12, 2021 at the school board meeting and emailed and posted a survey from May 22-June 1 on our website. We received meaningful feedback to allocate the \$924,416 entitlement. The purpose of these funds is to help open and maintain schools safely, as well as, address the impact of the coronavirus pandemic on students. The survey feedback and campus assessment data were used to create the following list of needs. The learning gap will be addressed through additional personnel for interventions, high dosage tutoring, new technology devices and programs, new tools to assess student needs, new intervention options, and new training for staff to help reduce the learning gaps. At least \$500,000 will be spent to eliminate the learning gap. The social and emotional learning needs will be met by adding extra mental health services and weekly social and emotional lessons. The health and safety plan will be updated to include ventilation upgrades and additional cleaning supplies. Please call 254-657-0175 for translation or any other questions.
